Guided reading helps students develop greater control over the reading process through the development of reading strategies which assist decoding and construct meaning. The teacher guides or 'scaffolds' their students as they read, talk and think their way through a text (Department of Education, 1997).

Planet Earth Differentiated Reading Comprehension Activity

Inquiry-based learning (also enquiry-based learning in British English) is a form of active learning that starts by posing questions, problems or scenarios. It contrasts with traditional education, which generally relies on the teacher presenting facts and their own knowledge about the subject.Inquiry-based learning is often assisted by a facilitator rather than a lecturer.

Inquiry-based learning - Wikipedia

Area Builder 1.1.20 - PhET Interactive Simulations

An action is a concept that involves an agent performing something. In common speech, the term is often used interchangeably with the term "behaviour". However, in the behavioural sciences, the social sciences, and the very philosophy of action, a distinction is made: behavior is automatic and reflexive activity, while action is an intentional, purposive, conscious and subjectively meaningful ...
