PARTICIPATION THROUGH KNOWLEDGE SHARING AND TRANSFER ...

Knowledge sharing is the easy passing of information for the greater good of an organization. Knowledge isn't siloed, but is instead available to everyone, no matter what their role in the organization is. Think of knowledge as the currency that makes your internal organization more valuable when it is exchanged freely.

Why Creating a Knowledge Sharing Culture is Key for Growth

Knowledge sharing is the act of exchanging information or understanding between individuals, teams, communities or organizations. Knowledge may be explicit (procedures and documents) or tacit...

Knowledge Sharing: Definition & Process | Study.com

Knowledge sharing can be described as either push or pull. The latter is when the knowledge worker actively seeks out knowledge sources (e.g. library search, seeking out an expert, collaborating with a coworker etc.), while knowledge push is when knowledge is "pushed onto" the user (e.g. newsletters, unsolicited publications, etc).

Knowledge Sharing

Knowledge sharing increases social interaction in the workplace, leads to a rise in creative problem solving, preserves pre-existing knowledge so it is not lost as employees retire or move on, and enables every department to access the information they need, when they need it, therefore speeding up response times. Sounds pretty good, right?
